Check Up All The Parts Before Assembly.

A PARTS

1. Support
2. Tail Light
3. Machine Gun
4. Sprocket Wheel Shaft
5. Final Drive
6. Fender (B)
7. Fender (A)
8. MG Mount
9. Magazine Case Support
10. Rear Handrail
11. Magazine Case
12. Muffler
13. Road Wheels (A)
14. Road Wheels (B)
15. Gear Case (A)
16. Gear Case (B)
17. Water Tank
18. Idler Wheels (C)
19. Idler Wheels (A)
20. Idler Wheels (B)
21. Sprocket Wheels (A)
22. Sprocket Wheels (B)
23. Fuel cap

B PARTS

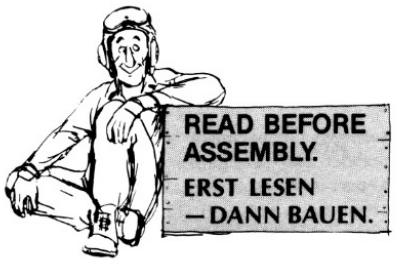

1. Skirt (A)
2. Breakwater Plate
3. Ramp
4. Suspender Hooks
5. Engine Compartment Cover
6. Light Cover (A)
7. Light Cover (B)
8. Tool
9. Axe
10. Tool
11. Light (B)
12. Light (A)
13. Driver's Hatch
14. Hammer
15. Hooks
16. Hinges For Ramp
17. Front Panel
18. Commander's Hatch
19. Hatch Supports
20. Cupola
21. Engine Compartment Hatch
22. Ventiletor
23. Auxiliary Track Links
24. Wire Rope
25. Hatch Bumper
26. Ramp Door Handle
27. Breakwater Plate Support (B)
28. Breakwater Plate Support (A)
29. Shovel
30. Handrail (B)
31. Handrail (C)
32. Handrail (A)
33. Towing Hook
34. Horn
35. Skirt (B)

C PARTS

1. Upper Hull Plate
2. Cargo Hatch
3. Cargo Hatch Stopper (A)
4. Cargo Hatch Stopper (B)

D PARTS

1. Handrail
2. Ramp Open Lever
3. Meter Panel
4. Floorboard
5. Passenger's Seat Back Rest
6. Steps
7. Driver's Seat Rack
8. Seat Post
9. Light Control Panel
10. Meter Mount
11. Steering Lever
12. Air Cleaner (A)
13. Air Cleaner (B)
14. Radiator Base
15. Battery Box
16. Fan
17. Fuel Tank
18. Seat Mount (B)
19. Seat Mount (A)
20. Heater
21. Radiator
22. Steps Foot
23. Driver's Seat Back Rest
24. Fire Wall (C)
25. Commander's Seat Back Rest
26. Driver's Seat
27. Passenger's Seat
28. Commander's Seat
29. Engine Body (Left)
30. Engine Body (Right)
31. Engine Top
32. Transmission
33. Differential Lower Half
34. Differential Upper Half
35. Carburettor
36. Cam Cover
37. Fire Extinguisher
38. Fire Wall (A)
39. Crew Seat Back Rest (A)
40. Crew Seat Back Rest (B)
41. Engine Front Part
42. Gear Case
43. Fire Wall (B)
44. Exhaust Pipe (B)
45. Generator
46. Seat Stand (A)
47. Seat Stand (B)
48. Seat (A)
49. Seat (B)
50. Joint (C)
51. Joint (A)
52. Joint (B)
53. Water Pipe
54. Exhaust Pipe (A)

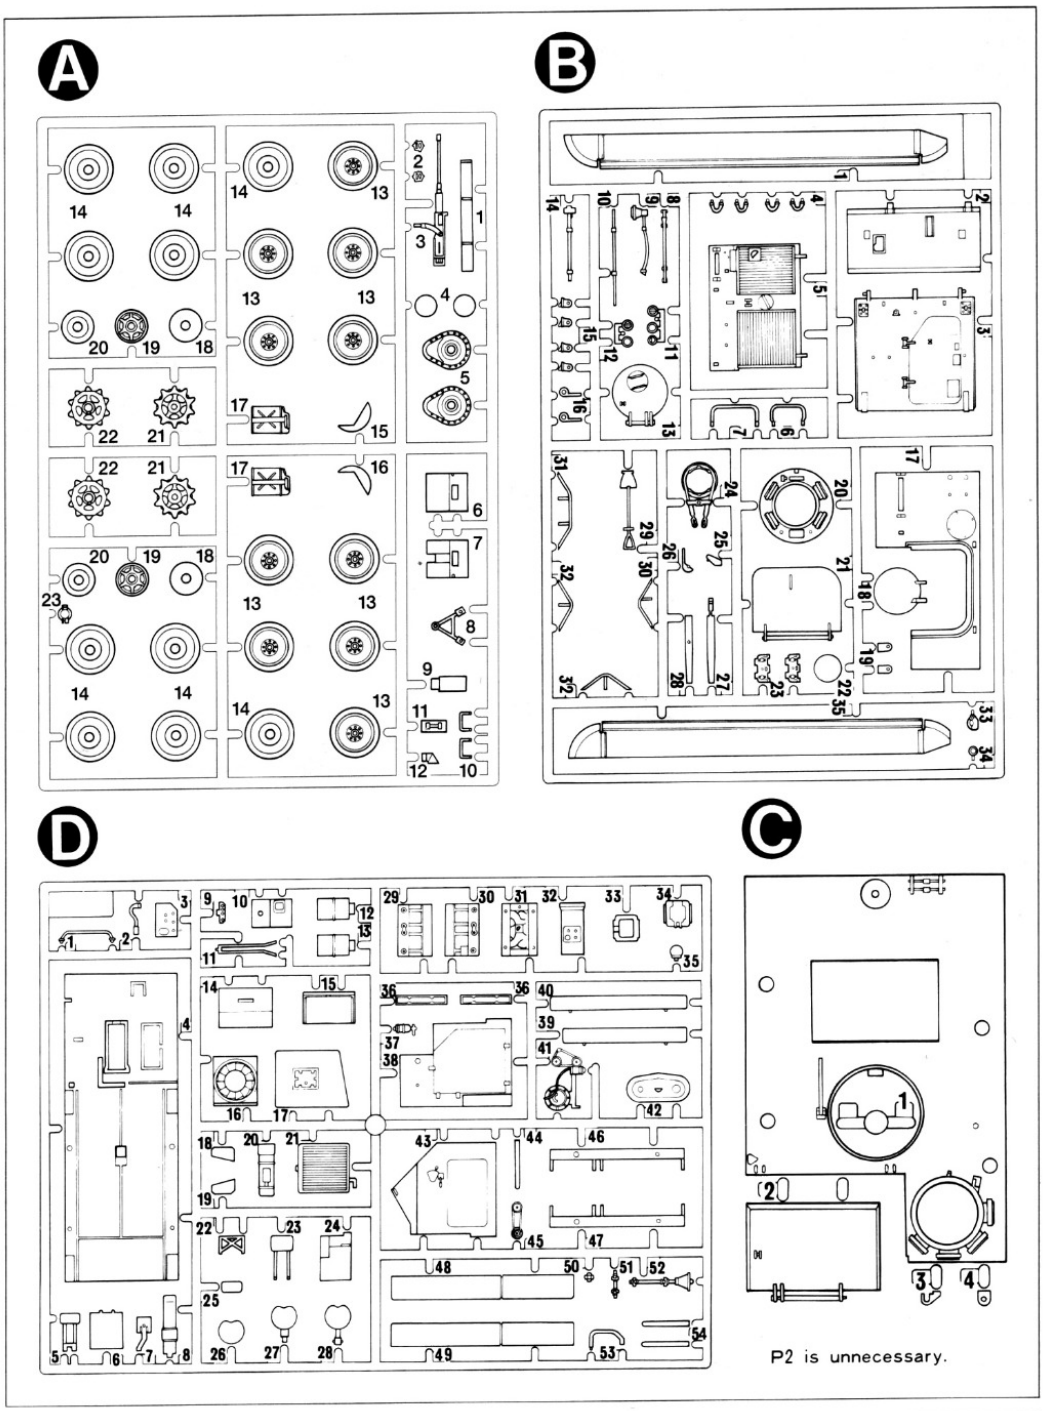

★Study the instructions and photographs before commencing assembly.

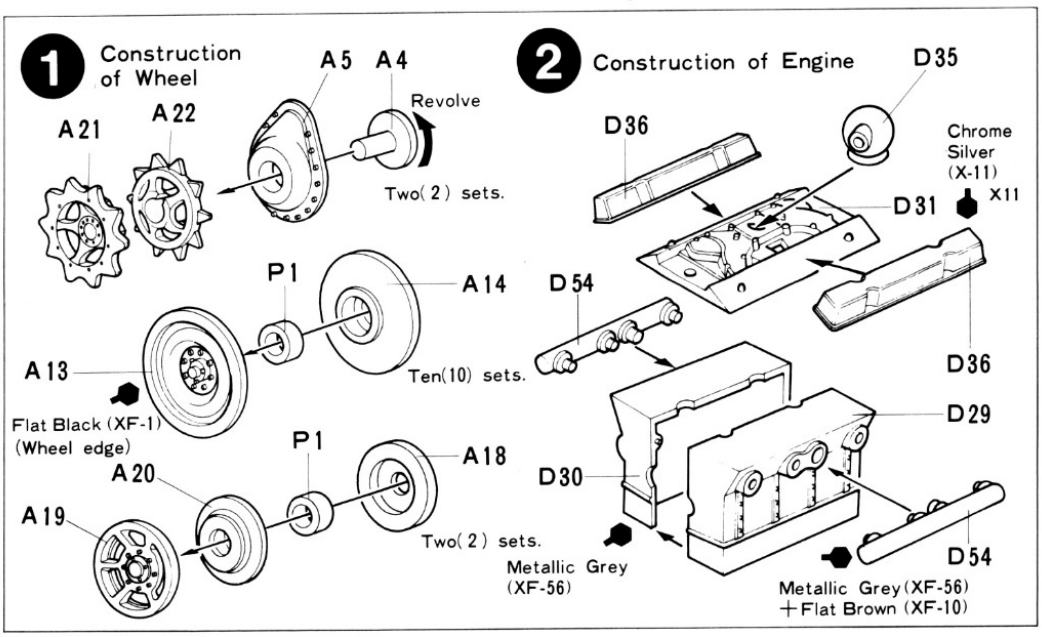

★You will need a sharp knife, a screwdriver, a file, a pair of tweezers, and a pair of pliers.

★Do not break parts away from sprue, but cut off carefully with a pair of pliers.

★Use glue sparingly. Use only enough to make a good bond.

This mark shows the recommended colour scheme.

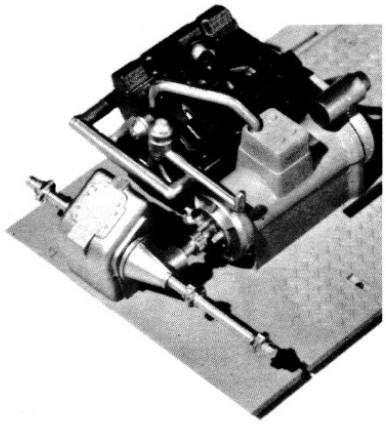

《PAINTING》
You may find it easier to use spray gun when you paint the wide areas. Make sure that you masked off the areas where you want to remain unpainted. Use a brush to paint narrow parts. For your painting scheme, refer to colour names on construction figures and instructions on page 7.

1 《Construction of Wheels》
(The plan is shown on page 2.)
Assemble two(2) sets of Sprocket Wheels, ten(10) sets of Road Wheels, and two(2) sets of Idler Wheels. Do not get cement onto part A5.

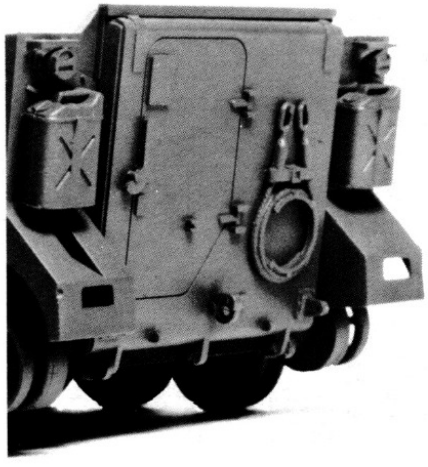

2 《Construction of Engine》
(See the plan on page 2.)
Assemble the parts which should be painted in the same shade first of all. After the cement has dried, paint and fix each assembly in position.
Colour Guide: Carburettor D35 ··· CHROME SILVER (X-11)

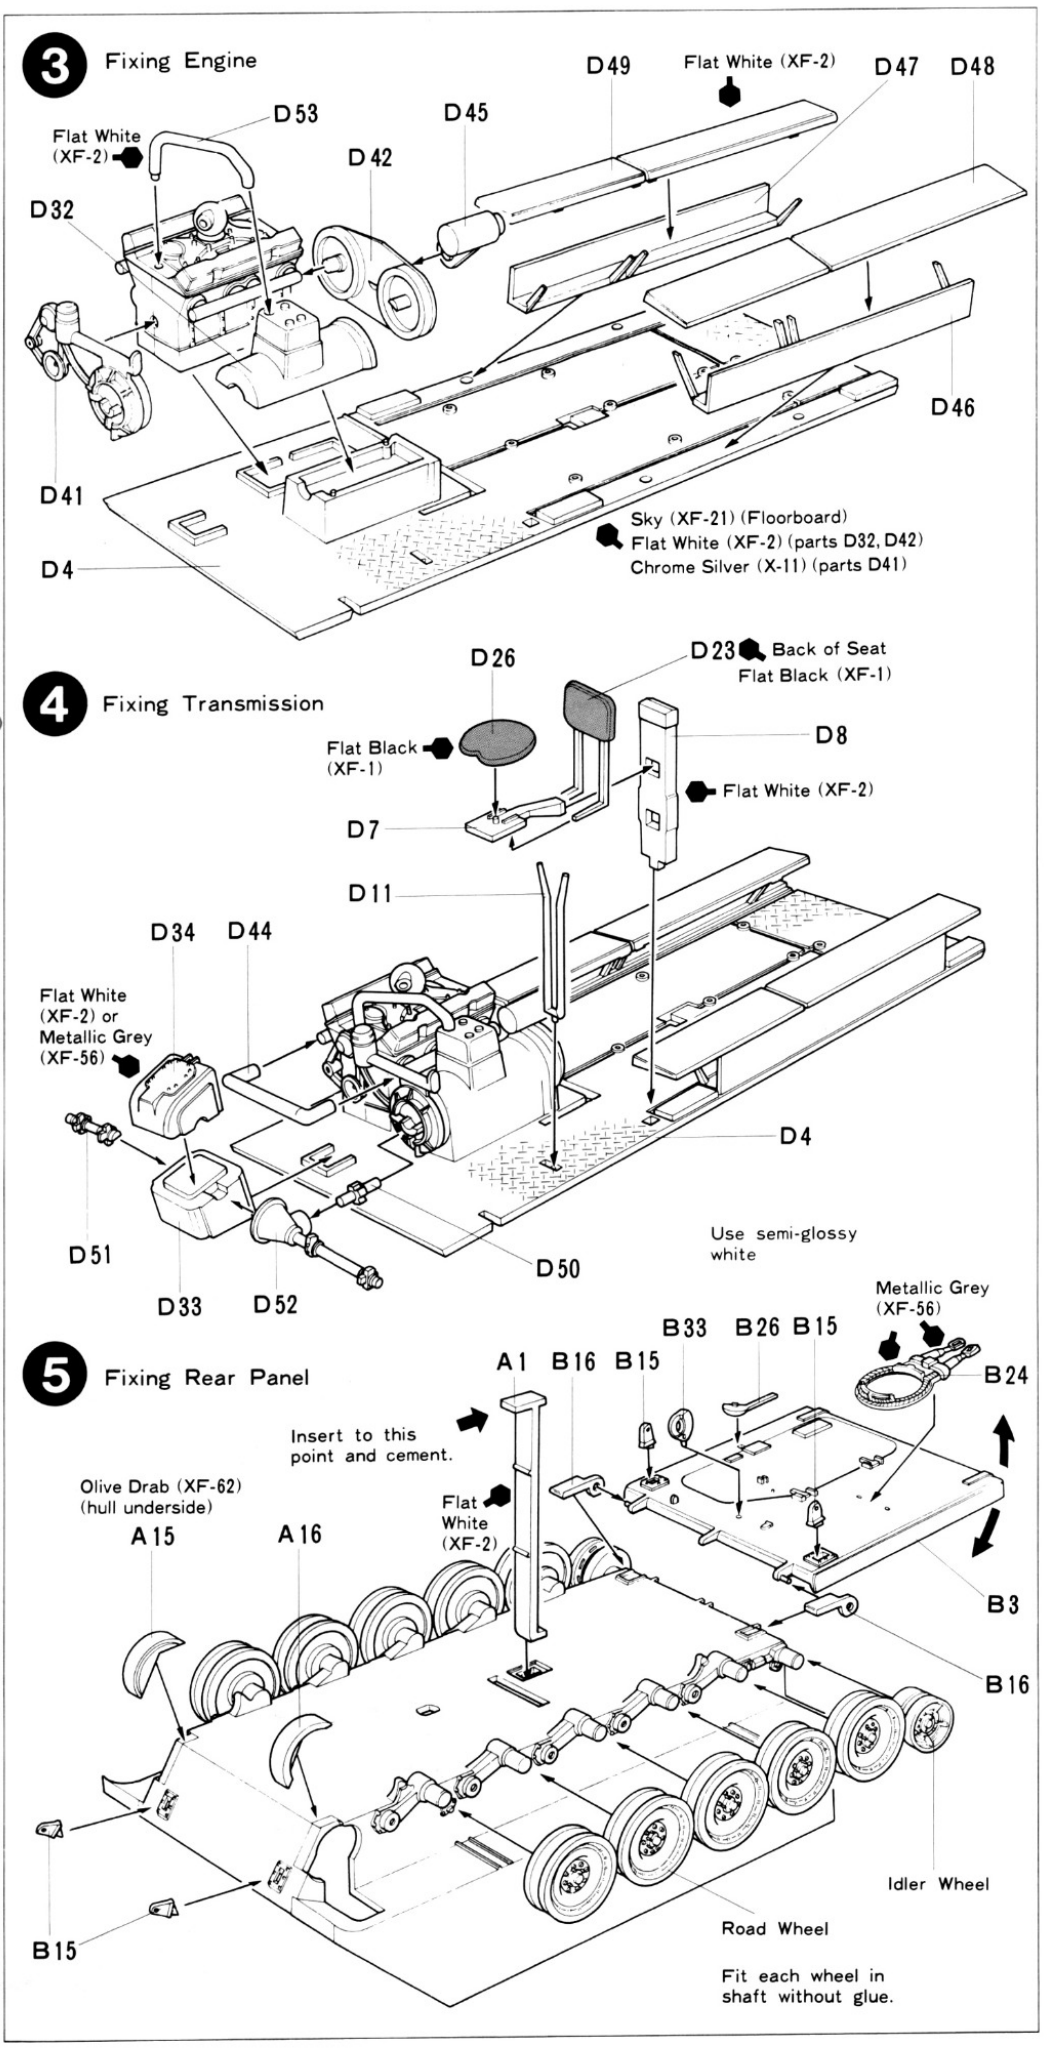

3 《Fixing Engine》
Paint Floorboard and allow to dry. Cement Engine and Seats in position.
Colour Guide: Floorboard ··· SKY (XF-21)
Generator D45 ··· BLACK (X-1)
Each belt part ··· FLAT BLACK (XF-1)

4 《Fixing Transmission》
Cement Transmission and Driver's Seat to Floorboard. Select either upper or lower position of Driver's Seat and cement. If you mount Driver's Figure in this kit, cement to upper hole.

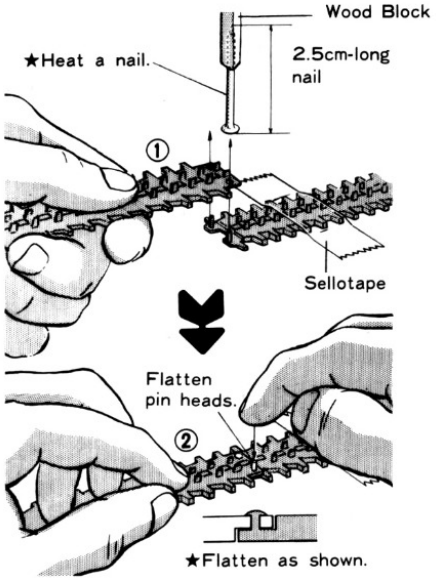

5 《Fixing Rear Panel》
Insert Support A1 to the position indicated by an arrow and cement. Ramp B3 is moveable. Fasten this with Sellotape till the cement on Hinges B16 has dried.

6 〈Construction of Hull Inside〉
After the paint has dried, apply decal F to the inside wall.
Colour Guide: Meter Panel ··· WHITE (X-2)
Meter ····· BLACK (XF-1)

〈How to make Tracks〉

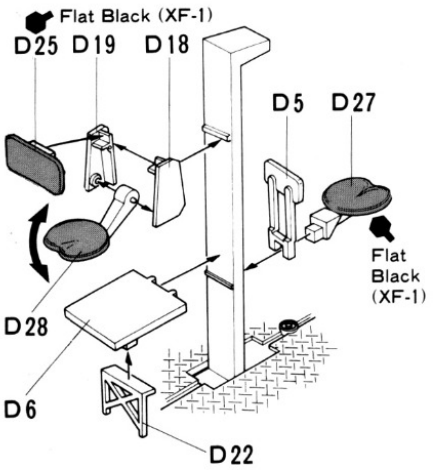

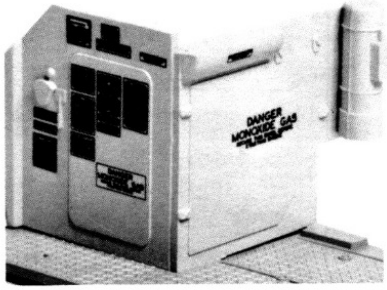

★Repair or stengthen the joint with using thread or stapler as shown right.

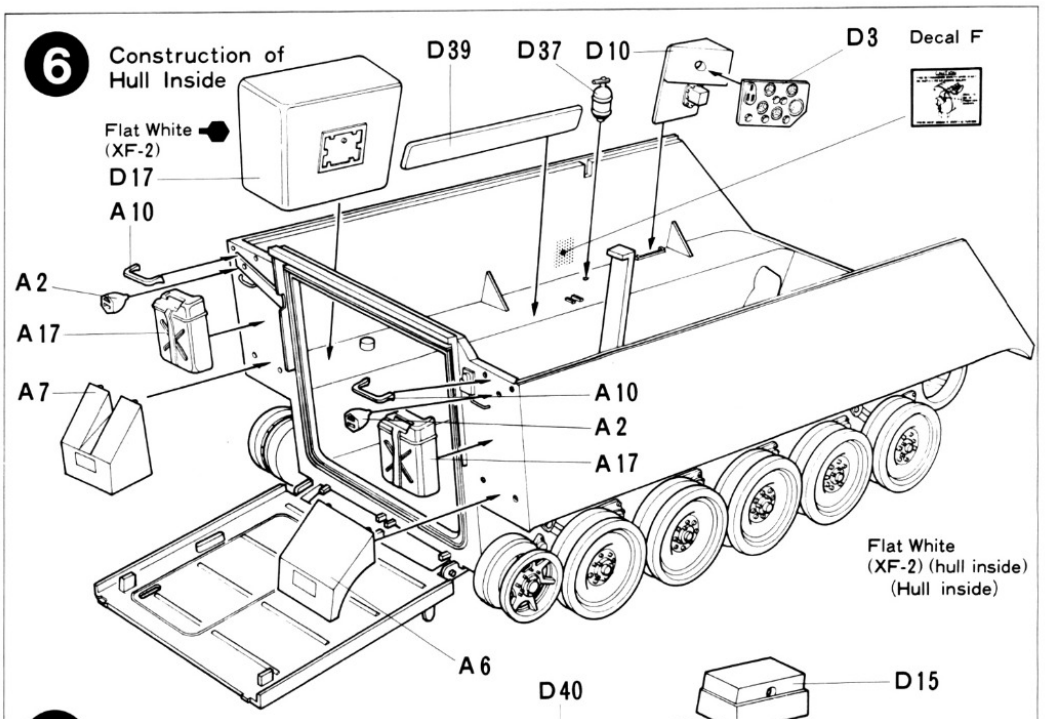

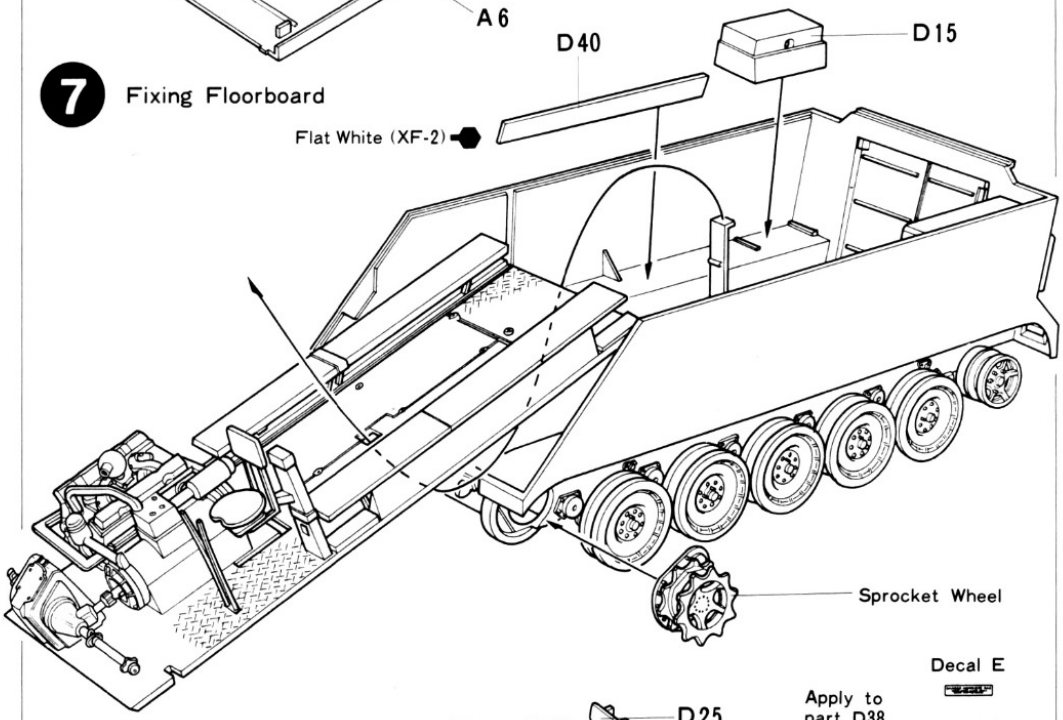

7 〈Fixing Floorboard〉
Pass Support A1 through hole of Floorboard and fix it with using cement. Glue Sprocket Wheels to shafts from Transmission, D51 and D52.

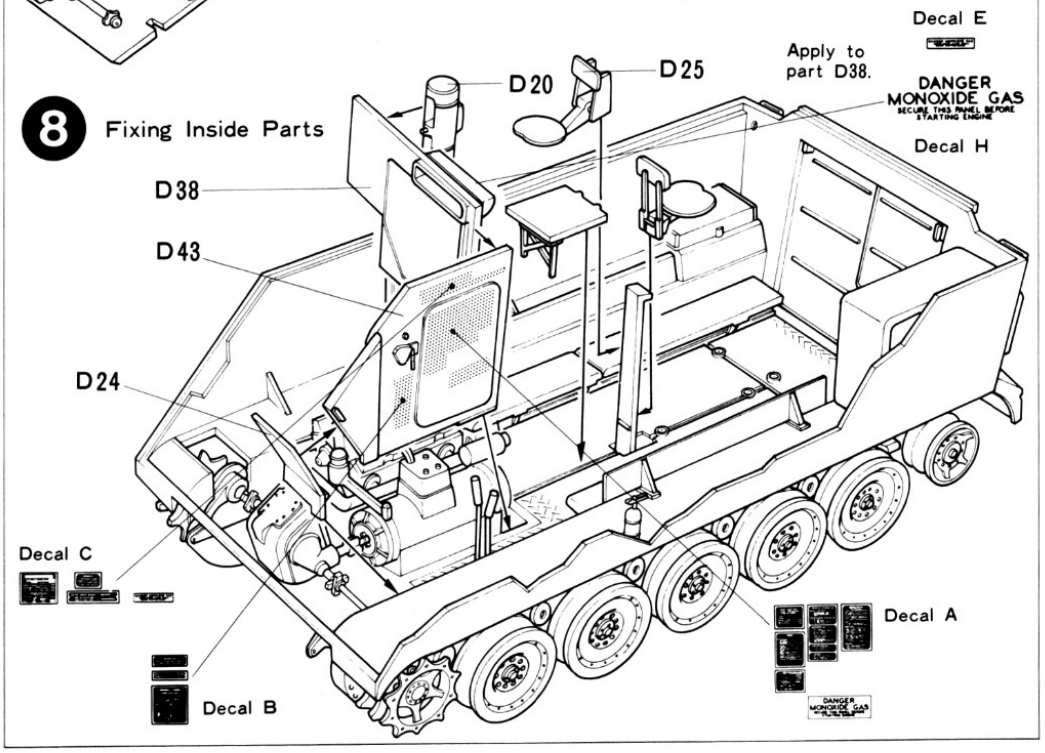

8 〈Fixing Inside Parts〉
Paint Fire Wall D38 & D43 in gloss white and after dried, apply decals as shown. And cement to Floorboard. Construct Seat which is attached to Support as shown below. As part D28 is moveable, do not apply cement here.
Colour Guide: Fire Wall ··· WHITE (X-2)

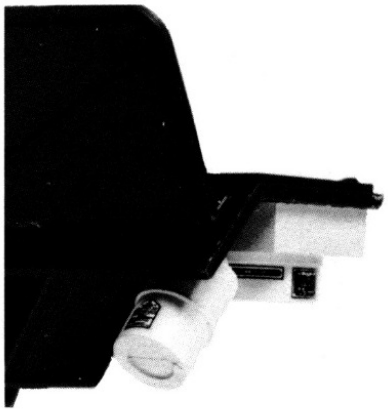

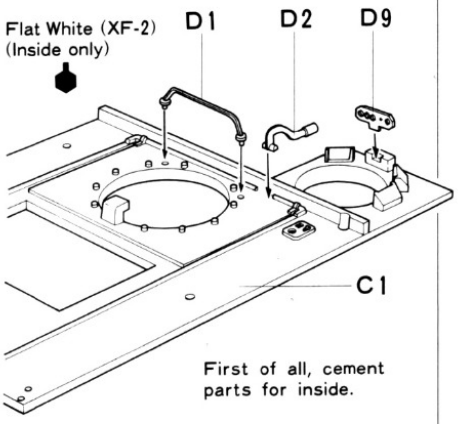

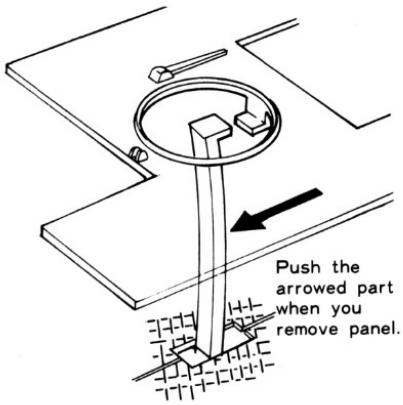

9 〈Construction of Cupola & Radiator〉
Construct Machine Gun before fixing to MG Mount A8. Do not cement A3 to A8.
Colour Guide : Fan D16, Air Cleaner D12 & D13··· FLAT WHITE (XF-2)

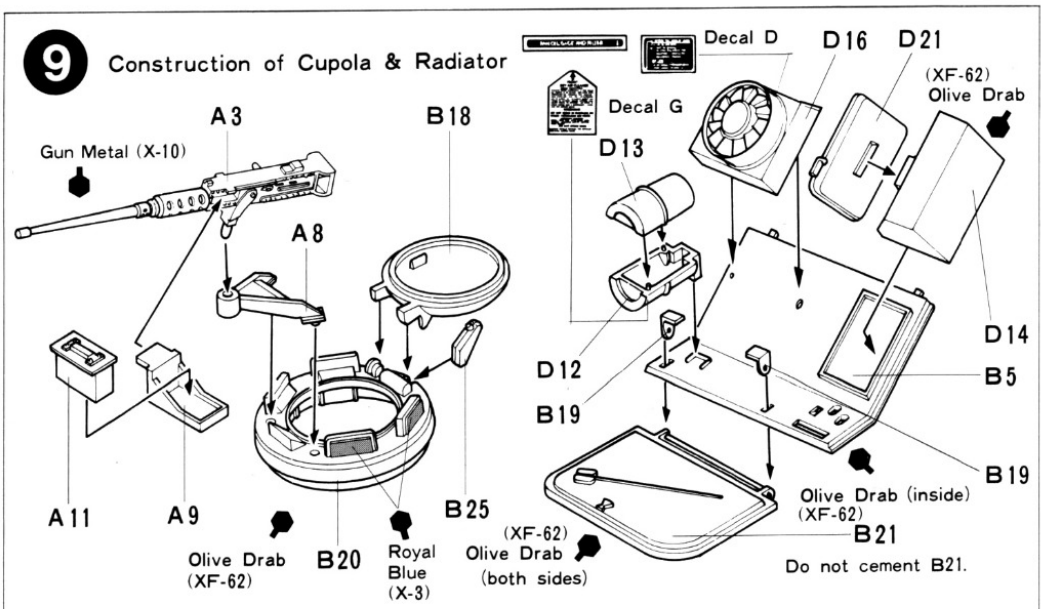

10 〈Construction of Upper Hull Panel〉
First cement the hull inside parts.
Colour Guide: Both sides of parts like Hatches which can be open and closed ··· OLIVE DRAB (XF-62)

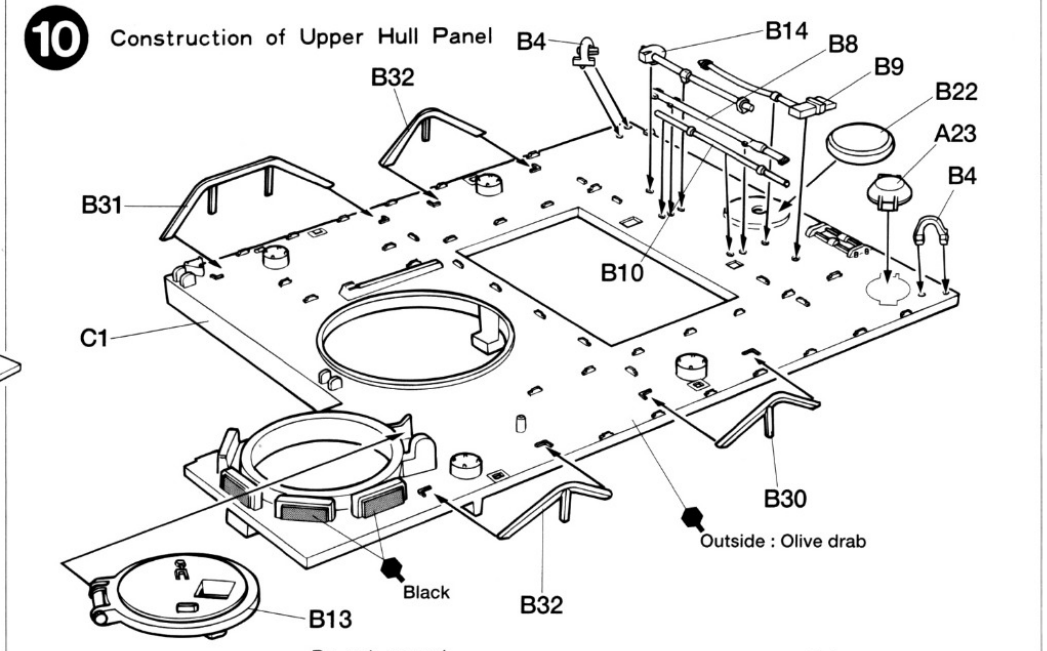

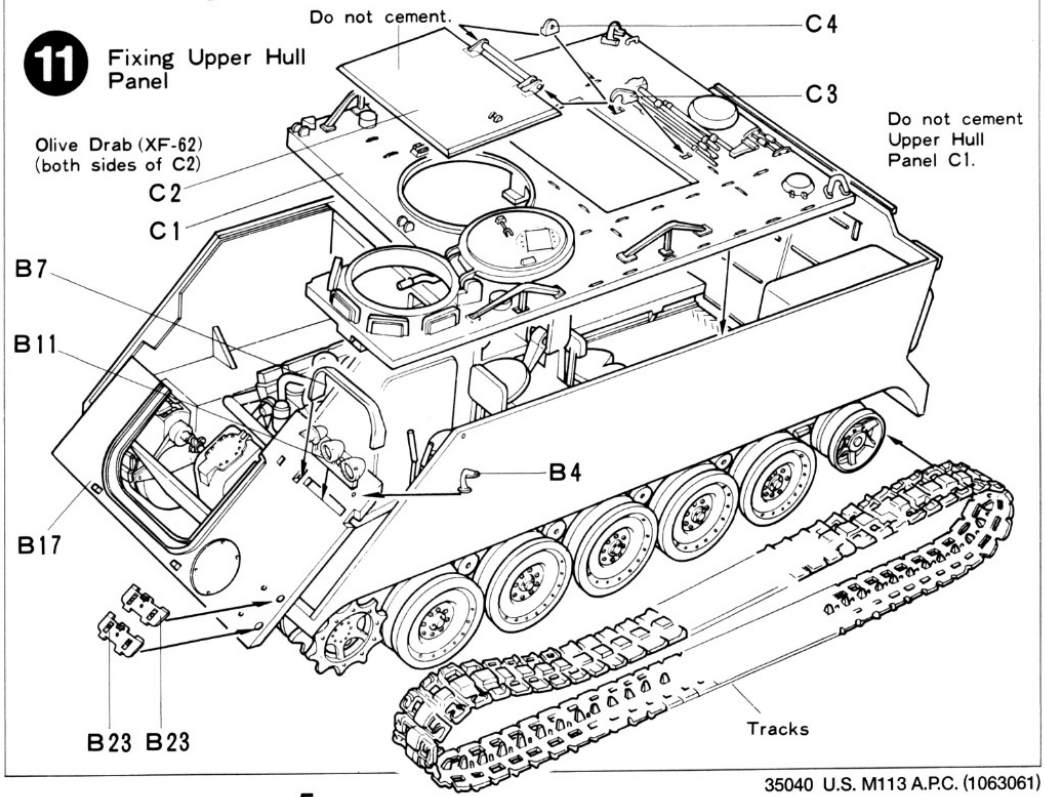

11 〈Fixing Upper Hull Panel〉
First of all cement part B17 to Hull. Do not cement Upper Hull Panel, but hook on with Support A1.

〈Tips for Better Modeling〉
★Before finally cementing each part together, be sure that parts fit correctly together. And that you are of the next sequence to be followed.
★Use paints only for plastic. Avoid dust while doing your painting job.

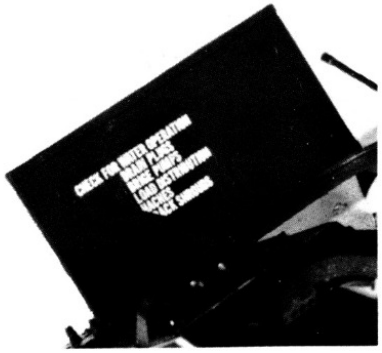

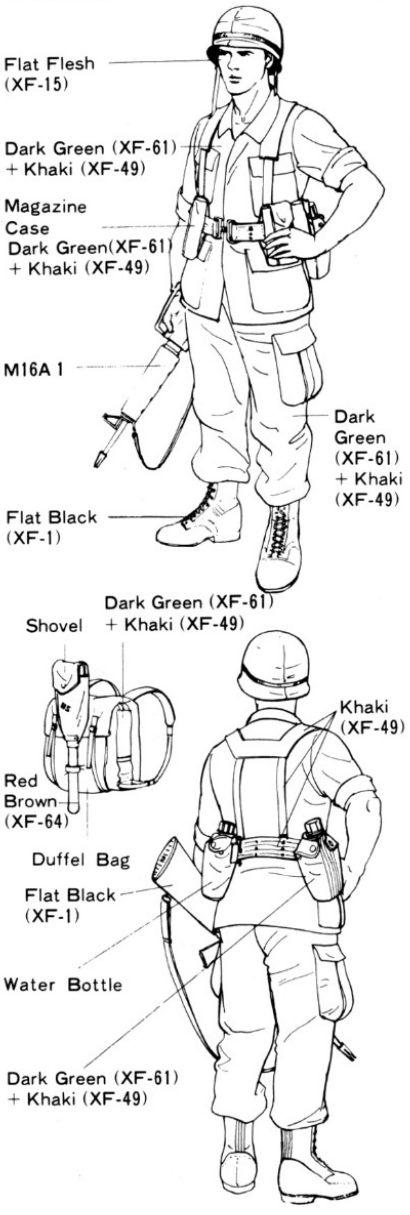

35040 U.S. M113 A.P.C. (1063061)

12 《Completion of Hull》
Do not cement Cupola and Engine Room Cover. You can fix Breakwater Plate in either open or closed position. Select one you prefer and fix.

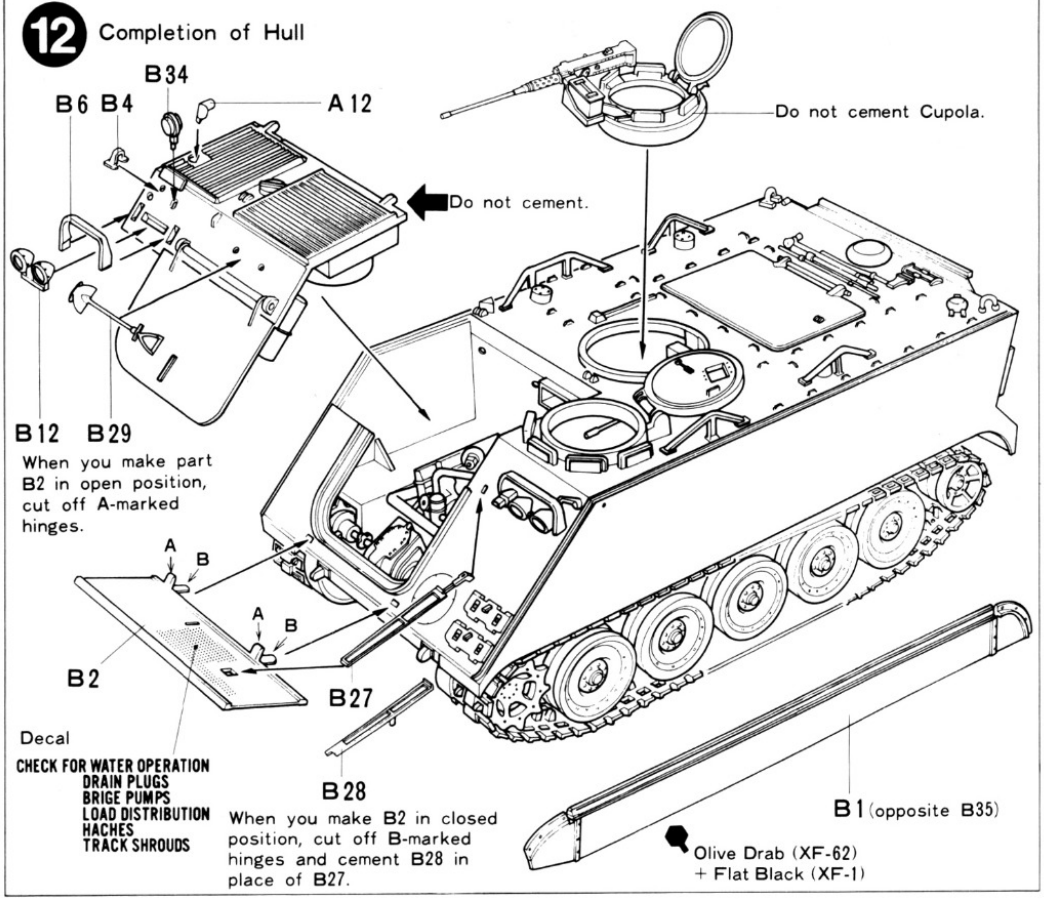

13 《Construction of Figures》
Commander and Driver do not have equipment. But Communicating Soldier and Infantrymen are equipped with two water bottles and a magazine case. You might as well place accessory parts such as Duffel Bag and Machine Guns to Hull inside.

APPLYING DECALS

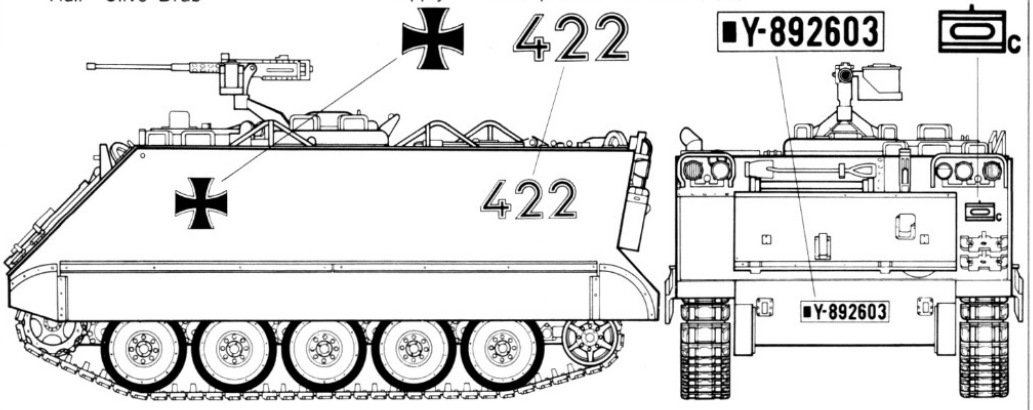

《Conversion of M113 Model》
Among many variants of M113 series, one which has gun-shields may be one of the easiest and most interesting type for conversion. This vehicle was attached with gun-shields to the cupola and to the M2 gun, and two M60 machine guns were fixed to the rear hatch through the battle experience in jungle. This kit contains two M60 machine guns. Try assembling this type with utilizing accessory parts and plastic card. Refer to the photos below.

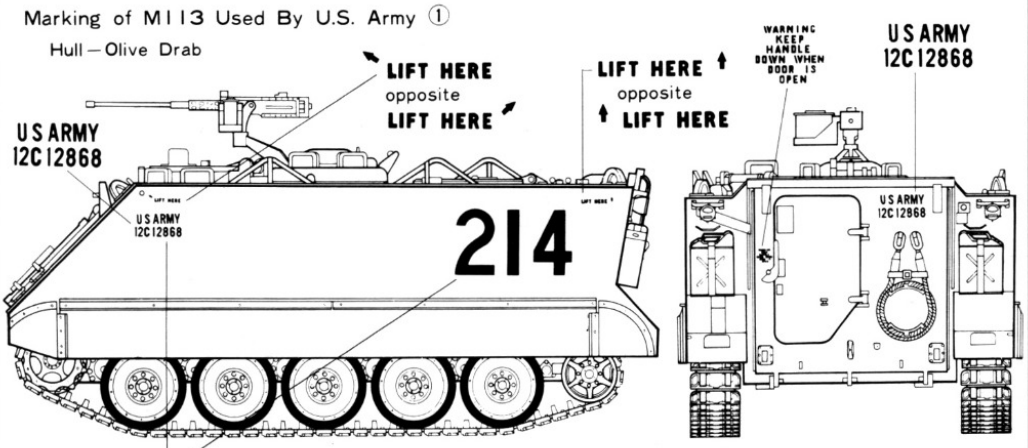

Marking of M113 Which Belongs to West German Army
Hull—Olive Drab
Apply to same position of both sides.

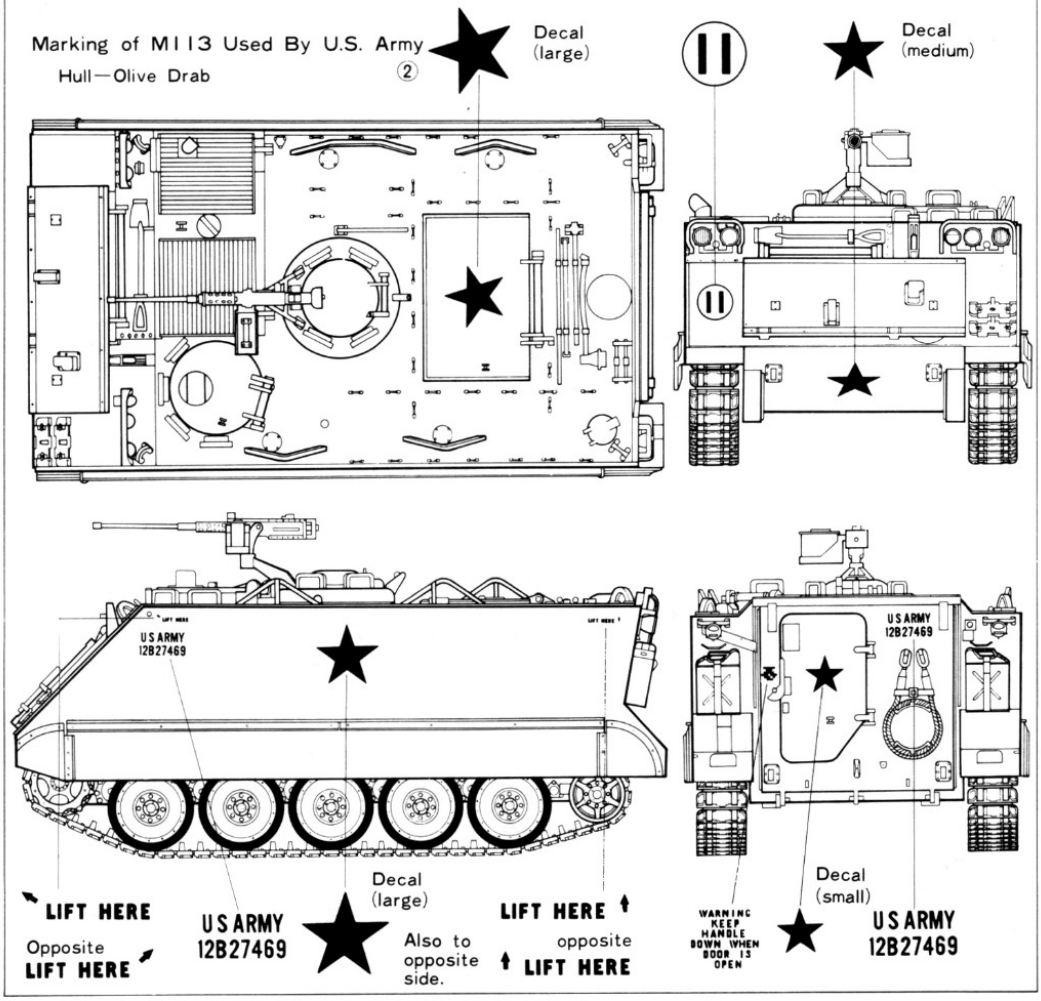

No decal on upper and rear hull.

Marking of M113 Used By U.S. Army ①
Hull—Olive Drab

Apply to same position of both sides.

Marking of M113 Used By U.S. Army ②
Hull—Olive Drab

TAMIYA COLOR CATALOGUE
The latest in cars, boats, tanks and ships. Motorized, radio controlled and museum quality models are all shown in full color in Tamiya's latest catalogue. At your nearest hobby supply house.

TAMIYA FARBKATALOG IN DEUTSCHER SPRACHE
Letzte Neuheiten von Autos, Booten, Tanks und Schiffen. Im Tamiya-Katalog in deutscher Sprache sind alle Modelle, ob Motorisierte, Ferngesteuerte oder Museum-Qualitates-Modelle, farbig Abgebildet.
